

Discover Why Families Everywhere use CaringBridge

After Hanna's cancer diagnosis, she and husband, Tom, found in CaringBridge a safe, secure place to share health updates and to feel the power of love, hope and compassion

How CaringBridge Helps

- Provide health updates once, vs. emails, texts and calls
- Receive and respond to messages of support and prayers
- Mobilize community to support help, hope and healing
- You control your site's privacy settings and who has access

No One Should Go Through a Health Journey Alone

As his son, Mike, lives with an autoimmune disease, Bud said the support and encouragement that come through CaringBridge keep them going

About CaringBridge

Established in 1997, CaringBridge is a free, nonprofit social network for sharing health updates

- Every 8 minutes, a new site is created
- 1 in 13 people in the United States have used CaringBridge
- More than 2.1 billion visits
- 5.9 million Well Wish messages and Journal comments posted in 2017
